### ESSAY

In a short essay identify which preparations the Helvetians made for setting out from home *en masse* and discuss why the Helvetians made the preparations they did.

Support your assertions about the Latin passage with references to the Latin text in lines 9–17 above. All Latin words must be copied or their line numbers provided, AND they must be translated or paraphrased closely enough that it is clear that you understand the Latin. Direct your answer to the question; do not merely summarize the passage. Please write your essay on a separate piece of paper.
